**NEW WORLD HOTELS OPENS DOORS TO RESIDENCE CLUB**

*New executive club lounge delivers enhanced benefits*

New World Hotels has launched the Residence Club floors with a dedicated new concept, design, name and signature amenities. Fittingly, Residence Club features a luxuriously comfortable environment reminiscent of a private home, with extensive benefits available exclusively for club floor and hotel suite guests.

In all Residence Club Living Rooms, guests enjoy complimentary breakfast, afternoon tea, evening cocktails and all-day refreshments during their stays, while a dedicated concierge service handles reservations or special requests. The entire space has WiFi support with an exclusive meeting space available for use.

Ideal for both relaxation and meetings, the Residence Club Living Rooms are divided into comfort zones – the dining area serves buffet breakfast and dishes from the in-room dining menu and the living room corner invites guests to lounge on cosy sofas with a selection of novels and magazines close at hand in the library space.

At New World Dalian Hotel's Residence Club Living Room, fireplaces, leather club chairs and a library containing more 200 books make it a perfect venue for a relaxing evening. Guests staying at New World Wuhan Hotel can experience a traditional delicious Wuhanese breakfast including hot dry noodles, bean curd skin and steamed dumpling at its Residence Club Living Room. The top four floors of New World Makati Hotel are re-designed to house the Residence Club with the living room featuring floor-to-ceiling windows overlooking the cityscape. At New World Saigon Hotel, its Residence Club Living Room includes an open-air terrace to enjoy breakfast or evening cocktails al fresco.
